Abstract of RU2169139

organic chemistry, more particularly preparation of aminodihydrophthalazinedione salts used as anti-inflammatory, antitoxic and immunocorrecting agents in medicine. SUBSTANCE: described is method of preparing alkali or alkali-earth salts of 5- amino-2,3-dihydro-1,4-phthalazinedione by reacting 5-amino-2,3- dihydro-1,4-phthalazinedione with alkali or alkali-earth metal alcoholates during heating operation. EFFECT: higher yield of the desired products. 3 ex
